JAY MANGE

Full Stack Developer (MERN Stack)
Ahmedabad, Gujarat | +91 7016515225 | jaymange52@gmail.com | GitHub | LinkedIn | LeetCode

EXPERIENCE

Software Engineer Intern — Hyperlink Infosystem, Ahmedabad *Jan 2026 – Jul 2026 (6 months)*

- Worked as a Full Stack Developer Fresher across React.js, Express.js and MySQL.
- Developed React.js applications using Hooks, Formik, Yup and Axios for form handling, validation and API integration.
- Built and maintained REST APIs with Node.js, Express.js and MySQL following MVC architecture, with JWT authentication and authorization.
- Worked with middleware, Multer, Swagger API documentation and Postman for testing and debugging.

React Developer Intern — AristoMax Technologies Pvt. Ltd., Ahmedabad *Jun 2025 – Jul 2025 (2 months)*

- Built a React.js feature for a PDF viewer with semantic search, highlighting matched text for quick reference.
- Explored n8n workflow automation and Power BI for analytics and data visualization.

PROJECTS

Indeed Job Portal GitHub | Live

React.js, Redux Toolkit, TanStack Query, Node.js, Express.js, MySQL

- Built a full-stack job portal with **21 REST APIs, JWT authentication, forgot/reset password flow using Nodemailer, and AES encryption** for sensitive request/response data.
- Implemented a live job feed with TanStack Query caching and user-data synchronization to reduce redundant API calls.
- Built a **dual-file upload system using Multer** for resumes and cover letters with separate storage paths and independent validation.
- Enforced two-layer validation using Joi on the backend and Yup/Formik on the frontend, **with multi-language API responses via localizify**.
- Integrated Google Gemini API for an **AI-powered job assistant** using job description, resume and cover letter context for personalized responses.
- Implemented persistent one-chat-per-job conversations, allowing users to return to existing job-specific chat history.
- Implemented **WebSocket-based real-time messaging/updates** with multi-tab and multi-connection handling using Map/Set-based socket management.
- Added real-time message handling and automatic UI refresh flow so newly received messages update the conversation without manual page refresh.
- Deployed the AI-enabled full-stack application to production with server-side Gemini integration and environment-based API key configuration.

eAuction Platform GitHub

React.js, Node.js, Express.js, Sequelize, MySQL

- Built a full-stack online auction platform with **JWT authentication and separate admin/user dashboards for listings, bids** and payments.
- Developed an automated bid-processing engine handling live bid tracking, auto-bid logic and interval-based price refresh.
- Implemented payment/transaction tracking, region-state-city hierarchy management and secure document uploads using Multer.

Saleh — E-Commerce Platform API GitHub

Node.js, Express, MySQL

- Built a modular REST backend using **Service/Controller/Repository/Validator layers, JWT authentication and localizify.**
- Designed a MySQL schema for catalog, cart, orders, wishlist, payments, advertisements, discounts and banners; documented APIs with Swagger UI.

Car Booking Platform GitHub

React.js, Redux Toolkit, Node.js, Express.js, MySQL

- Built a full-stack car booking platform with role-based access for admin, user and public views using JWT, bcrypt and AES encryption.
- Developed car listing, booking and admin management modules with multi-language API support.

TECHNICAL SKILLS

Frontend: React.js, Redux Toolkit, JavaScript, TypeScript, HTML, CSS, Bootstrap, Tailwind CSS
Backend: Node.js, Express.js, REST APIs, WebSockets, Python, PHP, C++, C
Database & Caching: MySQL, MongoDB, SQLite, Redis
AI / GenAI: Google Gemini API, LLM Integration, Prompt Engineering, Dynamic Prompting, AI Chat Integration
Libraries & Tools: TanStack Query, Axios, Formik, Yup, Joi, Multer, Git, GitHub, Swagger, Postman, Power BI, n8n
Concepts: JWT Authentication, Authorization, CRUD, MVC Architecture, Real-Time Communication, Socket Connection Management, OOPs

EDUCATION

Master of Computer Applications (MCA) — GLS University, Ahmedabad *2024 – May 2026*
CGPA: 8.44 / 10

Bachelor of Computer Applications (BCA) — Saurashtra University *2021 – 2024*
Smt. CZMG BCA College, Jamnagar | Percentage: 71.27%

ACHIEVEMENTS & ACTIVITIES

- **2nd Place** — Code Rewind Event, GLS University
- **Participant** — IoT Event (College Tech Fest)
